The Summary of Benefits and Coverage (SBC) document will help you choose a health <u>plan</u>. The SBC shows you how you and the <u>plan</u> would share the cost for covered health care services. NOTE: Information about the cost of this <u>plan</u> (called the <u>premium</u>) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-888-472-4352. Important Questions	Answers		Why This Matters:
What is the overall deductible?	<u>Network</u> \$1,000/self only \$1,000/individual, \$2,000/family	Non-Network \$3,000/individual \$6,000/family	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay.  For Network deductible: If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
	Network and non-network deductibles are separate.		For Non-Network deductible: If you have other family members on the <u>plan</u> , the overall family <u>deductible</u> must be met before the <u>plan</u> begins to pay.
Are there services covered before you meet your deductible?	Yes, network preventive services, some services paid with a copayment, and services paid at no charge.		This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a> .
Are there other deductibles for specific services?	No.		You don't have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-pocket</u> <u>limit</u> for this <u>plan</u> ?		Non-Network \$12,000/individual, \$24,000/family rk out-of-pocket limits are arate.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. For Network Out-of-Pocket: If you have other family members in this <u>plan</u> , they have to meet their <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.  For Non-Network Out-of-Pocket: If you have other family members in this <u>plan</u> , the overall family <u>out-of-pocket limit</u> must be met.
What is not included in the <u>out-of-pocket limit</u> ?	Premiums, balance billing charges (unless balance billing is prohibited), health care this plan doesn't cover, and penalties for failure to obtain pre-certification for services.		Even though you pay these expenses, they don't count toward the <u>out-of-pocket</u> <u>limit</u> .

Important Questions	Answers	Why This Matters:
Will you pay less if you use a <u>network provider</u> ?	Yes. See <a href="https://www.mycarehc.com">www.mycarehc.com</a> or call 1-888-472-4352 for a list of <a href="https://www.mycarehc.com">network providers</a> .	This plan uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the plan's <u>network</u> . You will pay the most if you use a <u>non-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the provider's charge and what your <u>plan</u> pays ( <u>balance billing</u> ).  Be aware, your <u>network provider</u> might use a <u>non-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.
