

Primary Care Reimagined for Personify Health Customers

By purchasing Teladoc Health's P360 Program through Personify Health, you get:

Exclusive access to P360, a program that very few TPAs or brokers are selling, at a preferred price.

Increased physician access for Reference Based Pricing clients, plus navigation to in-network, high-quality specialty providers and facilities for ASO clients.

Full clinical integration between Personify Health and Teladoc Health, maximizing positive outcomes for your Employees.

Bi-directional access to the member's EMR data between Personify Health and Teladoc Health.

24/7 access, unlimited messaging, reminders and health nudges to keep members connected.

A product that is fully incorporated into the Personify Health ecosystem.

A virtual primary care solution that inspires lasting relationships between people and providers through a longitudinal care plan, continuous care team support and a unified, whole-person experience.

From the first patient visit to every checkup that follows, Primary360 creates better outcomes for members, employers and health plans.

Your members will benefit from early identification of chronic illness, better medication adherence and fewer missed appointments, all leading to improved health outcomes.

As an employer or health plan, you'll experience improvement in member loyalty, maximized employee productivity and population wellbeing. Plus, you'll close gaps in care, expand access to care and achieve better clinical outcomes.

Now that's primary care reimagined.
